Clinical diet to be provided in all government hospitals

Packed and hygienic, it incorporates 7 to 8 variations

The Health Department is planning to expand the 'tai-lor-made' clinical diet to all government hospitals in the State in a phased manner, according to Health Secre-tary J. Radhakrishnan.

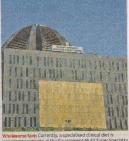

Shortly after inaugurating the 10th Apollo Internation al Clinical Nutrition Update 2018 on Saturday, he said, "We engaged a nutritionist and introduced a specialised clinical diet at the famil Nadu Government rar Estate. We are planning to expand this to all govern-

As of now, appropriate diet is prepared and given to patients in government hos-pitals. At TNGMSSH, tailor-made diets, packed and sealed, are provided to pa-

milar packed diet would be expanded to all government hospitals in a phased man-

Speaking at the programme, he said that quite a lot of people tend to fall for gramme, he said that quite a lice of people retunt of fall for fake information on social media. "Weelt qualified per-sons such as nutritionists with the you are treating the be west smorthed, personner of the people and rectangle people and rectangle people and translated into practice; he healthy; she said.

Thank u so much once again for organising such an event. Looking forward for t next year's AICNU.

Most of us look out for AICNU than any other Nutrition and Dietetics conferences happening in India

We all look up to you mad for all the things that you do and tell us to do God Bless...

I'm attending
AICNU regularly for
the past 4 yrs,
always Apollo
program is great.
This time I have
brought 2 of my
team mates.

I thoroughly enjoyed the experience and knowledge and am truly grateful to you so informative. Well organised conference. Congratulations

Thank you for everything the conference was fabulously organised.
Thank you to the Apollo Team

Congratulations for hosting such a fabulous conference, great

TEAM DIETETICS
