1st Clinical Nutrition Update

Apollo Hospitals Group

An initiative by the Department of Dietetics
as part of the Apollo way

MISSION

Department of Dietetics is dedicated in providing the highest quality patient focused nutrition care, to advancing practice of clinical nutrition and to educating future dietitians and other health care providers.

VISION

To become the premier centre for nutrition practice by taking a leadership role in enhancing nutrition care through development of cutting - edge systems and models.

VALUES

- Quality patient care
- Customer focus
- Teamwork
- Embracing change
- Operation efficiency
- Teaching Excellence
- Research

Our department caters to more than 1000 patients daily across Chennai Division and is unique with its State-of-Art Technology. We are accessible round the clock to our patients.

Highly qualified and experienced Dietitians manage the Department, which is headed by Dr. Bhuvaneshwari Shankar, Group Chief Dietitian. The department is committed to educating postgraduate students by offering six months internship programme. The Department has been accredited by Indian Dietetic Association (IDA) and is approved as a base trainer for student interns who are Registered Dietitian (RD) aspirants.

Department of Dietetics
